

Social Work Job Seeker Highlights of SocialWorkJobBank.com:

- [VIEW JOBS](#)

Search for professional social work jobs from your computer, any time of day or night. Even if the application deadline is tomorrow (or today!), there's still time to apply. Our "Apply Online" feature offers you three different ways to submit your application to employers who have posted their social work job openings.

- [POST AN ANONYMOUS RESUME](#)

Post your resume online today! Whether you're actively or passively seeking a professional social work position, your online resume is your ticket to great job offers. You can now post a searchable "Candidate Profile," which is a "souped-up" résumé that keeps your contact information confidential unless you want it released to a prospective employer.

- [PERSONAL JOB ALERT](#)

Create Job Alerts and never let a matching job opportunity pass you by! New jobs that match your search criteria will be e-mailed directly to you. E-mail job alerts ("Personal Job Agents") can be set based on location, job function, and job setting. For example, if you are looking for employment in a specific practice specialty, such as mental health, aging, child welfare, or hospital social work, just create a job alert for that specialty.

- [CREATE/LOG IN TO YOUR JOB SEEKER ACCOUNT](#)

Your personal SocialWorkJobBank job seeker account will allow you to find jobs, manage your resumes, and set up job alerts. Get started today! Log into your account to begin managing your job search. Create and manage job alerts and view job offers from employers. You have your own private career page, where you can keep track of job applications, cover letters, and other info.
